

THE NEW TWINSTAR

B LINE

NATURAL COLOR MODERN DESIGN IDEAL BRIGHTNESS

A LIGHT FOR FISH KEEPERS

How can we evolve a natural color of the aquarium light?
We need to challenge ourselves to make a light
with new color and ideal brightness.

This is a great light for fish keepers.

A BEAUTIFUL AQUARIUM LIGHT

THE STORY OF TWINSTAR B LINE

It is designed to make a customer feel special. We wanted to aim for perfection, never seen before in an aquarium light. With sharp and distinctive edge, the finish of the B-Line is beautiful.

TWINSTAR LIGHT B-Line. RGB LED.

NICREW G1
WHITE LED
The cheapest model

NICREW G2
WHITE LED
The brightness model

NICREW Plus
RGB Light

TWINSTAR B LINE

We must check all the requirements for quality, reliability and cost.
And ask ourselves “ Would I buy one?” “Would I recommend it to others?”

This is a great light for fish keepers, a special product without needing any explanation.
After all, we want people to enjoy only B-Line.
