## Collection Wire Stand 30

【 Available for shipment in July, 2022 】

Collection Wire Stand 30 is a display stand that can be put in System Paluda 30 and Neo Glass Paluda 30. It was initially developed as a display fixture for the ADA LAB. However, by popular demand, it is released to the general public. The hooks included in this product support LC cups. Twelve hooks are included in the product. Plants displayed in tiers each stand out perfectly. Please utilize it not only as a product for end-users, but also as a display fixture at store. The dimensions are also compatible with System Paluda 30 with humidifying function.

※Twelve dedicated hooks are included in this product.  
We also accept orders for individual hooks.

※You can also install two sets of Collection Wire Stand 30 in Neo Glass Paluda 60.

Example of installation

W260×D180×H300 (mm)
